4.1 Description of fir	st aid measures				
Inhalation	Get medical assistance if irritation develops or persists. If breathing is difficult,				
Claim contact	move the person to fresh air. Give artificial respiration if person is not breathing.				
Skin contact	For thermal burns, flush or submerge effected area in cold water to dissipate heat. Cover with clean bandage material. Do not peel material from skin. Get medical attention.				
	For contact at ambient temperatures, wash with soap and water.				
Eye contact	Immediately flush with plenty of water for at least 15 minutes.				
Ingestion	If irritation persists, get medical attention immediately, preferably an ophthalmologist. If swallowed, rinse mouth with water. Never give anything by mouth to an unconscious person.				
Ingestion	Do NOT induce vomiting. Consult a physician if necessary.
